Dear Baroness Newlove. (Your Ladyship.)

Only yesterday did I read your online paper on victim support! Thank you for writing it so clearly.

The "Crime Commission"" was unknown to me before today. May I respectfully inform you of "*the law*." received by an ordinary working man? (myself.) Writing from personal experience. **There is No law.**

To confirm: may I ask you to read my digital PDF files attached. (Brand new, clean and virus free.)

Please; there is **no need to reply**. I am not asking you to do **anything**. This letter is only to inform *you* of the actual realities. The actual "Justice" enforced by the police. **Only when, and if, they want to.**

The Police law is: **what they say it is**. For the last three years they have shown fidelity in support of Evil.

I make no comment to influence your consideration in anyway; to ask only (rhetorically) to imagine:

if this had happened to you, how would you feel about it? What **could / can anyone do about it?**

In my application for a Judicial review I did make a few recommendations. (not seen the light of day.)

Most of the relevant file copies (digitally offered here in PDF files) were supplied to the GMC and Police in hard copy, dated over the last 8 years. I made allowance for the NHS (CEO. Mr Purt) whom believed the lies told by these two doctors, supported his employees; and wished to avoid litigation. May I ask:

Are you able to agree: To make anyone blind deliberately, is Evil? To stab them in the eye (extreme pain months, day & night) is Evil? To order a continuous MRI head scan for 80 minutes (causing **3+ years** of head pain, loss of balance, black-outs, etc. probable stroke, even death; is Evil? (Jeckel & Hyde)

Note: normal time is ~40 minutes, maximum time allowed 60 minutes; he ordered 80 minutes, by scan.)

Please; keep the enclosed BRAND NEW flash drive as a gift. Memento of how I found the legal system.

I can find no Justice. Not here. "The law" is **only what these police officers say it is**. For your records.

I do believe in God. (not as a church goer) only as a divine spirit; guiding us all, for Good, or Evil.

May I thank you for finding a few minutes to read my files. 100% genuine and true; whatever they may say. And allow me to wish you **every possible success** with your aim, to make this a better, just world.

Yours most sincerely

Jerome Thomas. Only a tired old man now (82) still struggling to find a way back - from Evil.
